- 8- Name two kinds of examination. (1 point)
- 9- Define a good place of study. (1 point)
- 10- Read this paragraph and then write a topic outline of it. (2 points)

There are two purposes of study skills. The first is to introduce students to proper attitudes toward their studies. The attitudes are attitudes toward English and attitudes towards other subjects. The second one is to instruct and provide practice in study skills. This purpose can be done by using a dictionary, learning vocabulary, outlining, note-making, using library and preparing for examinations.

*Good Luck*
