1-There are 3 reading passages. Please paraphrase 2 of them. (4)

A)

James Oliver wants to change peoples's lives and he is using food to do it.Oliver, a chef, is well known for sharing his secrets of cooking healthy food through his magazine, cookbooks and television shows. He is also changing lives through his Italian restaurants, Fifteen. Fifteen started in London, England, as a place to train young adults to work in a kitchen. Oliver's idea was to create a professional kitchen. Oliver's idea was to create a professional kitchen that can help young people get a fresh start and a change to become professional chefs.

B)

However, Watson isn't human. He, or rather it, is a machine, a wonder of technology made by researchers at IBM. In the game, Watson used math to decide on an answer.When a question was read out, Watson was immediately given the same question in electronic form. It analyzed the question and searched its memory bank--about the same as one million book of information—for possible answers. It then narrowed the options down to one answer. If Watson felt around 75 percent confident about the answer, it would answer the question.

C)

Be curious and open to meeting new people and having new experiences. Don't expect to always be comfortable. After the first few weeks it's usual to feel a little homesick. You'll miss your family and friends.Remember that it takes time to get used to a new place with new customs. Talk to your new friends and write about your feelings. Try to keep in touch with the people back home.Travelingua helps you get started on your journey by doing all this, and more. Choose us as your travel partner, and we'll be sure to get you where you want to go!
